PRODUCT & ASSEMBLY INFORMATION

1. Never use power tools unless specifically instructed. They can damage your components or hardware if used incorrectly.
2. The most common mistakes made during assembly are using the wrong hardware or getting components back to front.
3. Always use a soft surface (such as carpet or cardboard) when assembling your product to avoid scratching or damaging the surface of the product.
4. Periodically check and re-tighten all fasteners. Check the product care instructions for general maintenance.
5. If you are having any difficulties assembling your product, missing any hardware or components, please contact us.

Care Instructions

- Avoid exposure to direct sunlight and moisture.
- Wipe clean with a soft, damp cloth and dry immediately.
